

Are You in the Right Job?

Video #4 – Does it Fit You?

In this video, we talked about how each of us is unique, equipped with different skills and interests. Now, let's find out some more about what you enjoy, what you're good at and what you're interested in.

1. Imagine that you just won the lottery, and that the payout means money won't be an issue for the rest of your life. If this happened for you, what do you think that you would like to do – don't think about just vacations or toys you'd like to buy – but try to think about what you would really want to do in the next 5 or 10 years. What might that be?
2. If someone were to ask you what is your "passion" – what do you really want to achieve or do in your life – what would you tell them?
3. What do you enjoy most about your work?
4. What do people say that you are good at? Why do they say this?
5. If you could change 2 or 3 things about your current job to make it better, what would those be? Why? Or... if you're looking ahead to a new job, why does that job fit you better than your current job?
6. How do you think God can use (or is using) you and your interests at work today?
7. How can the things you are good at or like to do help to build God's Kingdom in your daily work?
